Even at daycamp, it is not unusual for first-time campers to experience homesickness, and parents should address this prior to registration. We understand the anxiety caused by separation, both for campers and their parents. Please encourage your child to work through this, as we will. It is our policy that homesickness is not cause for leaving camp.

Staff with emergency medical procedure training is on 24 hour duty, and a doctor is on call. All illnesses and accidents are taken seriously and treated appropriately. Parents are called in case of problems.

If you have not met us personally, nor been to Pinebrook Farms, please feel free to call for an appointment and make plans to come by and visit with us and see our facilities.
